

ANDREIA RIBEIRO FERREIRA

Architect and Interior Designer

I am 30 years old and I'm from Portugal.
Recently, I embarked on a new journey in Copenhagen.

As an architect, I am passionate about what I do, always seeking new ways to create spaces. With nearly six years of experience, I have specialized in single-family housing and rural tourism projects, combining functionality, aesthetics, and local identity. I enjoy traveling, reading, and constantly challenging myself.

EXPERIENCE

ARCHITECT

MMXarquitetura | Estoril, Portugal
Remote | Sep. 2019 - Present

Architect specializing in single-family homes and rural tourism.

Experienced in developing architectural projects that combine functionality, aesthetics, and the unique identity of each client.

Focused on delivering efficient and innovative solutions while ensuring compliance with current regulations.

I have worked in different phases of the process, such as conceptual design, licensing, legalization, and execution, ensuring a comprehensive and coherent approach to each project

SALES MANAGER

Futah | Lisbon, Portugal | Jun. 2019 - Aug. 2019

A Portuguese brand of beach towels.
Worked in the sales department, maintaining direct contact with the management team and customers. Stock organization.

STUDENT ARCHITECTURE

Exhibition & Workshop | Beja, Portugal | Sep. 2018

Development of three architectural proposals and their presentation to the parish council president.

The project focused on developing and restoring silo mill buildings while exploring the relationship between architecture and physical and mental well-being.

Transforming existing structures into spaces for suicide prevention, aiming to improve overall health and quality of life.
